ii. As a result	of an inquiry from
Representative Andrew Jacobs to the State De	
poison alle, I met with Me Administrative At	seletant, Mr. Paul Cantwell.
I told hir. Cantwell that the Department had a	referred the Congressman's
inquiry to us and in view of the nature of the i	inquiry, we would prefer
not to respond in writing. I did suggest, how	ever, that he answer the
inquiry to Mr. Jacobs by indicating that this	was an area which the
Government generally did not discuss in publi	ic. However, one exception
was the case of U-2 pilot Francis Cary Power	re. I gave Mr. Cantwell
a copy of the published Senate bearing on the	Fowers case and pointed
out Powers' answers to questions from Chair	man Russell with regard to any
instructions given him on the use of the poiso	m needle. Mr. Cantwell
thought this would be satisfactory and that the	ere was no need for anything
further from the State Department. I conclud	ded my conversation by
extending an invitation to Mr. Jacobs to visit	us at the Readquarters building
